Literature Report: Trent P

We generally direct people to Hamilton if they are looking for pins but we do have quite a lot of them in our inventory. Doug suggested we pass off some inventory of pins to Hamilton, as we do not usually move these items. If they sit around they might get thrown out eventually. Trent will talk to the Hamilton office about perhaps trading them for medallions.

MTA >>>>> Bryan D 2nd – Glenn

Website Report: Glenn F

Our numbers have gone down a bit for April and compared to this time last April, they are lower.

Glenn has added a new tab on the website for people to look for service positions. Glenn will try to link us to Mail Chimp also. He will then upload the meeting minutes to the site. Adrienne will send the minutes to Glenn. He will send Adrienne the link and she will put it out with the public email. There will be a new link every month.

MTA >>>>> Trent 2nd – Doug F

Old Business:

Regarding the transitioning of our roles: Gary has talked to Norm about this and they are undecided as to what the best approach will be for rotating out of our roles. None of us has a back up person at the moment. Gary suggested we need to gear people to our website to communicate that we are actively recruiting for all positions.

Gary might go to a district meeting to let them know what we are wanting to do.

New Business:

Norm reported that someone in Hamilton is giving away 6 or 8 Big Books written in Braille. We will take them and we will give them out to people at no cost.
